

How to Properly Wear a Face Covering/Mask

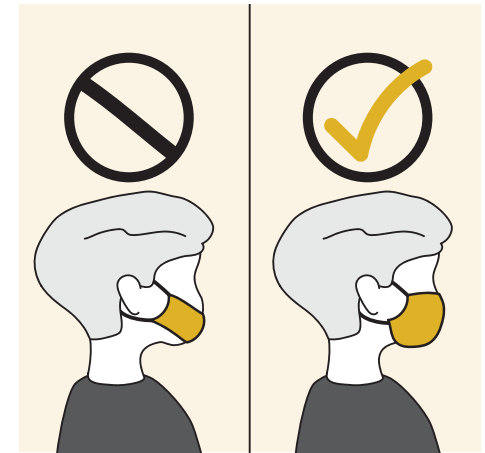

Ensure the proper side of the face covering/mask faces outwards.

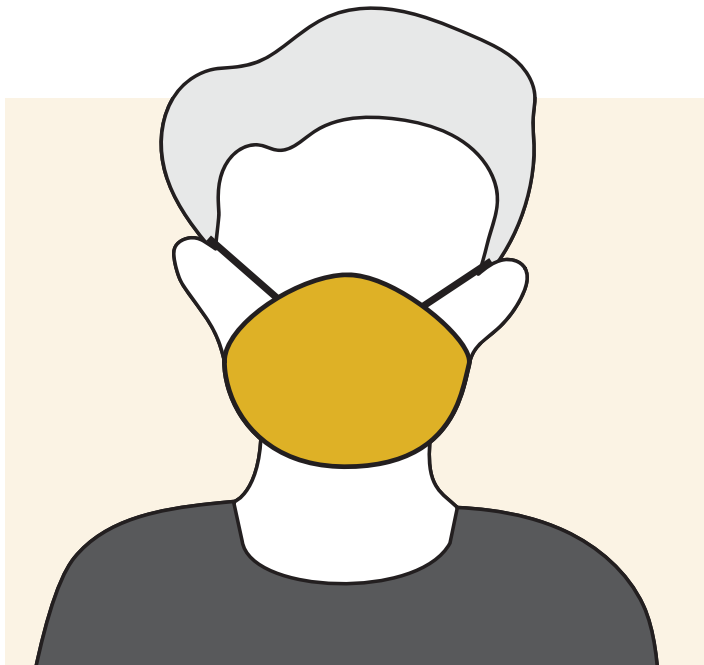

Secure the strings behind your head or over your ears.

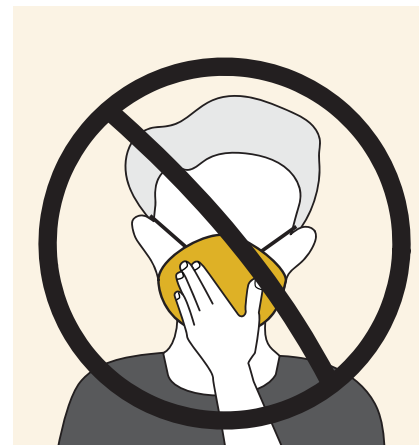

If present on face covering/mask, press the metallic strip to fit the shape of the nose.

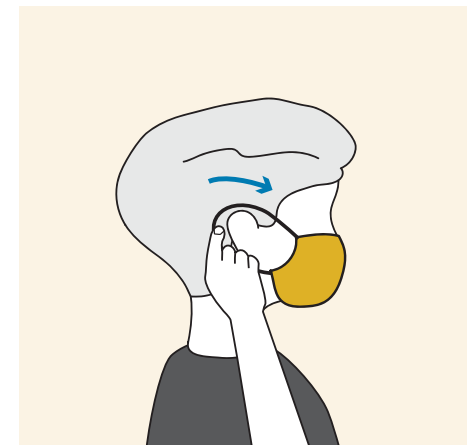

Cover mouth and nose fully with the face covering/mask, making sure there are no gaps.

Wear a face covering/mask!

Do not touch your face covering/mask while wearing it.

Remove face covering/mask from behind by holding the strings with clean hands.
