# MAKING THE MOST OF MOMENTS THAT MATTER

## WHIRLPOOL VETERANS ASSOCIATION

Create a Veteran Friendly Workplace - Recruit, Onboard, Optimize and Retain Veteran Employees

In late 2011, a group of Whirlpool employees, who are United States military veterans, established an internal network at Whirlpool Corporation. So began the Whirlpool Veterans Association (WVA), a group welcoming all employees interested in recognizing and supporting their veteran colleagues. The group supports community events, advocates veteran recruiting, provides on-boarding support for veterans and their families, and even hosts social events.

## WHIRLPOOL ACTIVELY SUPPORTS & RECOGNIZES OUR VETERANS

They represent the most fearless, brave, loyal and unselfish of Americans. They served, fought and sacrificed for current and future generations of American citizens. From battlefields to battleships to air bases, U.S. military veterans have defended our freedoms and constitution.
